

Several agency staff members are assigned specifically to the **Midland Community School District** and work individually with children and staff. They include:

Assignment of agency staff to the district is based on the district service plan, which is prepared following discussions between agency staff and district leadership. The service plan outlines assistance the district needs. It serves as a working document to guide the agency in providing people and services to meet those needs.

April 2003

Our mission is to ensure success for all learners.

Grant Wood AEA provides many services to the school districts. State law mandates the following nine key areas of service.

Curriculum, Instruction, and Assessment

- > Offering support and expertise on best practices in both content and skill areas to improve learning and achievement for children from birth to age 5 and for students in grades K-12.

Instructional Media

- > Providing print and nonprint instructional materials for classrooms and school media centers, and assisting teachers with developing their own materials. Consultants from the GWAEA Media and Technology Center will support media center management through workshops and consultation.

Professional Development

- > Coordinating workshops, courses, materials and ongoing consultation for the professional development of school administrators, teachers, counselors, media specialists, and support staff.

Leadership

- > Providing leadership services that assist with the recruitment, induction, retention, and professional development of educational leaders.

Multicultural, Gender-Fair

- > Providing services that assist schools and school districts to ensure supportive learning environments for all students.

School-Community Planning

- > Providing support to public and nonpublic schools to strengthen their School Improvement processes and plans, to communicate with families and communities, and to partner with others for the sake of children and the community.

School Management

- > Providing support and interim management of school administrative functions, particularly with school planning, legal issues, recruitment, communication, and business operations.

School Technology

- > Providing assistance with technology planning and training, cooperative purchasing of equipment and software, networking, integration with curriculum and instruction, duplication services, distance learning, and technology funding.

Services for Diverse Learning

- > Providing specialized services for children and students with diverse learning needs, including identification, diagnosis, planning and therapies for those with disabilities. Children from birth to age 21 are included. Whenever feasible, schools are encouraged and assisted with including all children in their neighborhood school and regular education classrooms.
