
Licensure Renewal Course: Iowa Evaluator Approval Renewal Training Level II Evaluation of Administrators

The *Iowa Evaluator Approval Training Program II: Evaluation of Administrators* is a two-hour renewal course provided to superintendents and other educational leaders responsible for the evaluation of administrators. The focus of this professional development, based on the Iowa Professional Development Model, addresses the following:

- Knowledge, skills, and application of the Iowa Standards for School Leaders;
- Research and recognition of effective principal behaviors that increase student achievement, including use of data; alignment of curriculum, instruction, and assessment; and first- and second-order change;
- Research and application of effective superintendent behaviors that increase student achievement;
- Coaching skills to enhance principals' skills as instructional leaders; and
- Models of principal evaluation processes, including design and use of individual career development plan for principals.

It is recommended that superintendents and other educational leaders whose *primary* responsibility is the evaluation of administrators take this course. All participants will be expected to complete between session assignments and application activities.

Note: The law currently requires that an administrator complete either *Iowa Evaluator Approval Training Program II: Evaluation of Administrators* **OR** *Iowa Evaluator Approval Training Program II: Evaluation of Teachers* for renewal. Individuals, however, may choose to take both to complete their required four hours for renewal. Best practice would indicate that an individual would take the course most pertinent in his/her current job description.
