

Agency staff members assigned to the Clear Creek Amana Community School District include:

Assignment of agency staff to the district is based on an equity formula along with a district service plan, which is prepared following discussions between agency staff and district leadership. The service plan outlines assistance the district needs. It serves as a working document to guide the agency in providing people and services to meet those needs.

Grant Wood AEA Profile of Services

Clear Creek Amana Community School District

Grant Wood AEA provides many services to the school districts. State law requires the AEA to provide the following nine key areas of service:

- support and expertise on best practices in both content and skill areas to improve learning and achievement for children from birth to age 5 and for students in grades K-12.
- print and nonprint instructional materials for classrooms and school media centers, and assist teachers with developing their own materials. Consultants from the GWAEA Media and Technology Center support media center management through workshops and consultation.
- workshops, courses, materials and on-going consultation for the professional development of school administrators, teachers, counselors, media specialists, and support staff.
- leadership services that assist with the recruitment, induction, retention, and professional development of educational leaders.

Approximately 75 percent of the agency's funding goes to support various aspects of special education. All districts have access to the agency's special education services, which include speech and language pathologists, occupational and physical therapists, school psychologists, social workers and special education consultants. Services are provided depending on student needs.

Nearly 30 percent of the agency's staff members are assigned to specific school districts and work directly with children as an integral part of the local school staff. Other staff serve schools on a consultant or itinerant basis, offer professional development, or put schools in touch with other persons, agencies or materials that meet the schools' needs.

- services that assist schools and school districts to ensure supportive learning environments for all students.
- support to public and nonpublic schools to strengthen their School Improvement processes and plans, to communicate with families and communities, and to partner with others for the sake of children and the community.
- support and interim management of school administrative functions, particularly with school planning, legal issues, recruitment, communication, and business operations.
- assistance with technology planning and training, cooperative purchasing of equipment and software, networking, integration with curriculum and instruction, duplication services, distance learning, and technology funding.
- specialized services for children and students with diverse learning needs, including identification, diagnosis, planning and therapies for those with disabilities. Children from birth to age 21 are included. Whenever feasible, schools are encouraged and assisted with including all children in their neighborhood school and regular education classrooms.
